

JAYANTHI K N

Aspiring Full Stack Developer | Computer Science Graduate

Udumalpet, Tamil Nadu | 9443043095 | rgmjayanthi@gmail.com | linkedin.com/in/jayanthi-kn

PROFESSIONAL SUMMARY

Computer Science graduate with practical experience building responsive, user-focused web applications using HTML, CSS, JavaScript, and Angular. Strong foundation in database fundamentals (SQL, PL/SQL) and backend concepts (Python). Completed a hands-on cybersecurity internship covering network security fundamentals and threat identification. Quick learner with strong problem-solving and collaboration skills, seeking a Full Stack Developer role to design, build, and deploy scalable web applications.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, Bootstrap, Angular

Backend Development: Python

Database: SQL, PL/SQL

Core Concepts: Responsive Web Design, Cybersecurity Fundamentals, Problem Solving

Languages: Tamil, English

PROJECTS

Expense Tracker Web Application

HTML, CSS, JavaScript

- Built an interactive expense-tracking application enabling users to add, edit, delete, and categorize expenses.
- Implemented automatic real-time total calculation using JavaScript DOM manipulation, improving usability and accuracy.

Plant Nursery Website

HTML, CSS

- Designed and developed a fully responsive nursery website allowing users to browse and purchase plants online.
- Integrated plant-care and maintenance guides to enhance customer engagement and user experience.

Personal Portfolio Website

HTML, CSS

- Created a responsive personal portfolio website to showcase technical skills, projects, and professional profile links.

INTERNSHIP EXPERIENCE

Cybersecurity Intern — ACE International

Singapore

5-Day Intensive Program

- Learned fundamental concepts of computer and network security, including common protection methods.
- Gained exposure to identifying and analyzing cyber threats through practical, guided sessions.
